STREAM MACHINE™

HYDROBOLIC WATER LAUNCHER

**DOUBLE BARREL
DOUBLE THE FUN!**

DB-1200
#80008-4

The DB-1200 was designed with the smaller members of the family in mind. Its size is only 12" (approx.) and easier to handle for those with a shorter reach. The DB-1200 shoots twice as much water as our TL-600 in a single shot and shoots up to 50 feet. This Stream Machine packs a lot of punch in a small package.

DB-1500
#80009-1

The Double Barrel Stream Machine, like our popular single barrel model, is designed for SPEED, DISTANCE and now has twice the VOLUME. All models are injection-molded or extruded out of prime grade color impregnated polymers, which delivers superior strength, durability, high gloss finishes, and rich colors that won't chip or peel off. The DB-1500 is approximately 24" - a good size for all ages, and shoots up to 50 feet!

Rapid Loader

#80040-4

Now the water is in easy reach for your Stream Machine water battles from your boat, off a dock or from the side of your pool! Just attach the water collection tube to your TL-500, TL-600 or TL-750 Stream Machine, and blast water up to 70 feet through the air to your target! Never take your tip off target!

THE ULTIMATE OUTDOOR GAME!

Poles & Discs Have LED Lights To Allow Night Time Play

WHAT IS POLES?™
 POLES is a yard game involving 2 teams of up to 2 players each attempting to knock an "object" (i.e. empty bottle/can/ball) off of the opposing team's pole using a flying disk.

GAMEPLAY
 Each team requires one pole and one object. The poles should be stationed approximately 27 feet apart with an object on top of each. The teams take turns throwing the disk at the object attempting to strike either the pole or the object in hopes of knocking the object to the ground. The defending team attempts to catch both the flying disk and the object (assuming it is falling).

POLES - DELUXE (Lighted)
#81071-7

- Includes:**
- (2) Lighted Poles*
 - (2) Yard/Beach Spikes
 - (2) Flat Bases
 - (1) Lighted Flying Disk*
 - (2) Score Keepers

WATER GUNS

WATER TAG™
#80020-6

Easy to read gauge registers the amount of water in your Water Tag™ vest.

Water Tag™ is designed for more competitive water battles. It comes with two vests and two TL-600s. Just strap on the vest and blast your opponent filling their Water Tag™ vest. Players are out when the water gauge on their Water Tag™ vest is filled. Each vest features adjustable straps, so it's one size fits all and fun for the whole family. Take it with you on family outings, camping trips or just in your own backyard.
